The Administration for Children and Families (ACF), Administration on Children, Youth and Families (ACYF), Family and Youth Services Bureau (FYSB) is accepting applications for the Basic Center Program (BCP). The purpose of the BCP is to provide an alternative for runaway and homeless youth who might otherwise end up with law enforcement or in the child welfare, mental health, or juvenile justice systems.

ACYF is committed to facilitating healing and recovery, and promoting the social and emotional well-being of children, youth, and families that have experienced maltreatment, exposure to violence, and/or trauma. This funding opportunity announcement and other discretionary spending this fiscal year are designed to ensure that effective interventions are in place to build skills and capacities that contribute to the healthy, positive, and productive functioning of children and youth into adulthood.

The BCP works to establish or strengthen community-based programs that meet the immediate needs of runaway and homeless youth, youth at risk of running away, and their families. The programs provide youth up to age 18 with emergency shelter, food, clothing, counseling, and referrals for health care and other appropriate services. Most basic centers can provide up to 21 days of shelter for a maximum of 20 youth at a time. Basic centers seek to reunite young people with their families, whenever possible, or to locate appropriate alternative safe placements.

I. Funding Opportunity Description

Statutory Authority

Grants for Runaway and Homeless Youth (RHY) Basic Center Programs (BCP) are authorized by § 311(a)(1) of the Runaway and Homeless Youth Act, 42 U.S.C. § 5711(a)(1), as most recently amended by Pub. L. 110-378 on October 8, 2008. Text of this legislation can be located at <http://www.acf.hhs.gov/programs/fysb/content/aboutfysb/rhycomp08.htm>.

Description

BACKGROUND

Every day, an alarming number of youth leave home without parental permission or are forced to leave home. Often, these young people cross state lines. Frequently, they fall victim to sexual exploitation, poor health, and other dangers of street life. Since 1975, BCP has worked to establish or strengthen community-based programs that address the immediate needs of runaway and homeless youth and their families. The BCP aims to increase young people's safety, well-being, and self-sufficiency, and to help them build permanent connections with caring adults, with the goal of reuniting them with their families (as appropriate). Youth in crisis receive emergency shelter, counseling, and aftercare services. In addition, BCP works to strengthen family relationships and, in the absence of family reunification, helps youth find safe and appropriate alternative living arrangements where they can become independent, self-sufficient, contributing members of society.

ACYF is committed to facilitating healing and recovery, and promoting the social and emotional well-being of children, youth, and families that have experienced maltreatment, exposure to violence, and/or trauma. This funding opportunity announcement (FOA) and other discretionary spending this fiscal year are designed to ensure that effective interventions are in place to build skills and capacities that contribute to the healthy, positive, and productive functioning of children and youth into adulthood.

In Fiscal Year (FY) 2013, \$50.1 million was allocated for BCP, which funded 93 new projects and 206 continuation projects in their second or third year of operation.

Ensuring the Well-Being of Vulnerable Children and Families

Children, youth, and families that have experienced maltreatment, exposure to violence, and/or trauma are impacted along several domains, each of which must be addressed in order to foster social and emotional well-being and promote healthy, positive functioning:

- **Understanding Experiences:** A fundamental aspect of the human experience is the development of a world view through which one's experiences are understood. Whether that perspective is generally positive or negative impacts how experiences are interpreted and integrated. For example, one is more likely to approach a challenge as a surmountable, temporary obstacle if his or her frame includes a sense that things will turn out alright. On the contrary, negative experiences can color how future experiences are understood. Ongoing exposure to family violence might lead children, youth, and adults to believe that relationships are generally hostile in nature and affect their ability to enter into and stay engaged in safe and healthy relationships. Interventions must seek to address how children, youth, and adults frame what has happened to them in the past and shape their beliefs about the future.
- **Developmental Tasks:** People grow physically and psychosocially along a fairly predictable course, encountering normal challenges and establishing competencies as they pass from one developmental stage to another. However, adverse events have a marked effect on the trajectory of normal social and emotional development, delaying the growth of certain capacities, and, in many cases, accelerating the maturation of others. Intervention strategies must be attuned to the developmental impact of negative experiences and address related strengths and deficits to ensure children, youth, and families develop along a healthy trajectory.
- **Coping Strategies:** The methods that children, youth, and families develop to manage challenges

both large and small are learned in childhood, honed in adolescence, and practiced in adulthood. When people have support and appropriate encouragement, they are more likely to overcome healthy stressors and go on to develop lasting, positive coping strategies. When people grow up in unsafe, unpredictable environments, they often develop less healthy coping strategies, which can make it difficult for them to adapt to safer, less chaotic situations. Interventions must help children, youth, and families transform maladaptive coping methods into healthier, more productive strategies.

- **Protective Factors:** A wealth of research has demonstrated that the presence of certain contextual factors (e.g., supportive relatives, involvement in after-school activities) and characteristics (e.g., self-esteem, relationship skills) can moderate the impacts of past and future negative experiences. These protective factors are fundamental to resilience; building them is integral to successful intervention with children, youth, and families.

The skills and capacities in these areas support children, youth, and families as challenges, risks, and opportunities arise. In particular, each domain impacts the capacity of children, youth, and families to establish and maintain positive relationships with caring adults and supportive peers. The necessity of these relationships to social and emotional well-being and lifelong success in school, community, and at home cannot be overstated and should be central to all interventions with vulnerable children, youth, and families.

An important component of promoting social and emotional well-being includes addressing the impact of trauma, which can have a profound effect on the overall functioning of children, youth, and families. ACYF promotes a trauma-informed approach, which involves understanding and responding to the symptoms of chronic interpersonal trauma and traumatic stress across the domains previously outlined, as well as the behavioral and mental health consequences of trauma.

ACYF anticipates a continued focus on social and emotional well-being as a critical component of its overall mission to ensure positive outcomes for all children, youth, and families.

Using evidence-based and/or evidence-informed practices derived from the best available research, professional expertise, and input from youth and families, BCP projects focus on boosting "protective factors" for runaway and homeless youth and youth at risk of running away. Protective factors are the positive influences that reduce the effects of stressful life events on young people, increase their ability to make good decisions, and promote the social and emotional competence that will help them thrive now and in the future.

According to the National Research Council in its 2009 report *Preventing Mental, Emotional, and Behavioral Disorders in Young People*, proven protective factors include:

- Physical and psychological safety and security;
- Clear expectations for behavior, as well as increasing opportunities to make decisions, to participate in governance and rule-making, and to take on leadership roles as one matures and gains more expertise;
- Emotional and moral support from supportive adult relationships;
- Opportunities to form connections with peers that support and reinforce healthy behaviors;
- A sense of belonging and personal value;
- Opportunities to develop positive social values and norms;
- Opportunities for skill building and mastery;
- Opportunities to make a contribution to their community and to develop a sense of mattering; and
- Strong links between families, schools, and broader community resources.

In order to build protective factors, basic center staff must build relationships and determine through assessments how to best provide services to runaway, homeless, and street youth, using an array of proven and effective service delivery strategies that are language appropriate, culturally sensitive, and respectful of the complex identities of youth. Projects first address the immediate needs of runaway and homeless

youth (e.g. food, clothing, shelter) by intervening directly or providing appropriate referrals. Then they work on improving the behavioral, psychological, and physical health of youth, providing them with employment and educational supports and either reunifying them with family or finding alternative, safe residential placements.

PROGRAM REQUIREMENTS

A. Positive Youth Development (PYD): In keeping with the Runaway and Homeless Youth (RHY) Act (42 U.S.C. § 5701(3)), grantees are required to develop and implement their programs using a PYD approach. PYD is based on a body of research suggesting that certain protective factors, like those listed in the previous section, can help young people succeed and keep them from having problems. PYD is a comprehensive framework outlining the supports all young people need to be successful. Runaway and homeless youth programs that embrace this developmental model provide ongoing and intentional opportunities for young people to participate in meaningful activities. A variety of opportunities that have real life application are available for youth to design, implement, and evaluate the types of services they receive to best meet their needs. The program environment is caring and supportive, has high expectations, and offers youth the chance to develop positive relationships and connections with adults, peers, and the larger community. PYD views young people as "resources" who have much to offer rather than as "problems" that need to be treated or fixed.

B. Service Activities:

i. Operations:

Grantees are required to have an operational structure that provides temporary, emergency shelter and individual, family, and group counseling, as appropriate, to youth under 18 years for up to 21 days.

The proposed service area must be located in an area demonstrably frequented by or easily reachable by runaway, homeless, and street youth, and accommodate not less than 4 and not more than 20 youth at a time, except where the grantee demonstrates that their state or local government has a law or regulation that requires a higher maximum to comply with licensure requirements for child and youth-serving facilities. The proposed service area shall have a strong relationship to the culture of care for RHY. The program model must meet the needs of the community and support the projected number of youth to receive services. The staffing plan, including the ratio of staff to youth, must support adequate supervision and treatment. The operations must incorporate evidence-based and evidence-informed approaches to runaway and homeless youth and undertake appropriate contracting for required services (as needed).

ii. Program Activities:

Grantees are required to provide services to runaway, homeless, and street youth that increase their safety, well-being, and self-sufficiency, and help them build permanent connections with caring adults. At a minimum, activities should include:

- Contacting runaway, homeless, youth at risk of running away, or street youth through outreach;
- Engaging youth through harm-reduction and trauma-informed approaches that build trusting and meaningful relationships;
- Responding to the needs of youth in crisis, including food, clothing, emergency shelter, treatment, counseling (which includes individual, group, family, peer counseling as appropriate) referrals, and individual assessments;
- Contacting parents, other relatives, legal guardians, or other local government officials (child welfare or juvenile justices, as appropriate) within 24-72 hours of admission into shelter;
- Responding to the educational needs of youth by informing them of their rights and working with the appropriate McKinney-Vento liaison to ensure their rights are honored. (The McKinney-Vento Homeless Assistance Act is Title X, Part C, of the No Child Left Behind Act. This federal law ensures that children and youth experiencing homelessness have full and equal access to an appropriate public education and that they experience success in school.);

- Helping youth exit the program safely and achieve stable living arrangements by reuniting them with their family or connecting them to alternative living arrangements;
- Creating aftercare plans with youth that help foster permanent connections with caring adults;
- Returning youth that have run away from foster care and correctional institutions to the appropriate system charged with their custody; and
- Providing optional services (if included in the application)
 - Drug Abuse Education and Prevention services must include ongoing training for staff.
 - Home-Based Services must include counseling, 24-hour crisis intervention, basic life skills, skill building, education advancement, job attainment, mental/physical health care, parenting skills, financial planning, and referrals. Staff must receive ongoing training and appropriate supervision and carry a caseload that enables intensive involvement with the family (approximately 5-20 hours a week).
 - Street-Based Services must include ongoing training and on-street supervision for staff. A back-up personnel plan must be in place.

iii. Access to Shelter:

Grantees must be able to guarantee runaway, homeless, and street youth access to emergency shelter 24-hours a day.

C. Administrative Activities:

i. Training:

Grantees must provide staff with initial and ongoing training on the following topics: aftercare; homelessness and poverty; case management/planning; case documentation; safety protocols; ethics and boundaries; harm reduction; crisis intervention; trauma-informed care; positive youth development; basic counseling skills; healthy sexual behavior; gay, lesbian, bisexual, and transgender issues; cultural awareness and sensitivity; mental health awareness; alcohol, drug, and chemical dependency awareness; bullying and harassment; domestic trafficking; and sexual exploitation and prostitution.

ii. Safety Protocol:

Grantees must ensure that there is sufficient supervision that addresses the safety and oversight of the youth accessing residential and non-residential services. Grantees must have policies prohibiting harassment based on race, sexual orientation, gender, gender identity (or expression), religion, and national origin. Grantees must have procedures established to monitor harassment claims, address them seriously, and document their corrective action(s) so all participants are assured that programs are safe, inclusive, and non-stigmatizing by design and in operation. It is FYSBs expectation this policy will be inclusive of staff, volunteers, and youth served by the organization.

iii. Supervision:

Grantees must have a supervision plan in place to ensure the safety of staff in the shelter and while conducting in-home prevention activities, if applicable.

iv. Confidentiality:

Grantees must protect the records containing the identity of individual youth and the rights of youth with respect to their confidential and personal information.

v. Quality Improvement:

Grantees must undertake periodic, formal assessments of program services to improve outcomes, specifically in respect to increasing the safety, well-being, and self-sufficiency of runaway, homeless, and street youth, and help them build permanent connections with caring adults. Through use of the

Runaway and Homeless Youth Management Information System (RHYMIS), grantees will gather, store, and report consistent information on youth demographics, services provided, and youth status at exit from the RHY programs. This data will enable FYSB to explore trends in youth issues and improve service delivery. See *Section VI.3. Runaway and Homeless Youth Management Information System (RHYMIS)* for more information.

vi. Emergency Preparedness and Management Plan:

Grantees must have policies and procedures on how the organization will prepare, respond, and recover from disasters. Policies and procedures must include a plan to notify FYSB immediately in the event of a disaster. For guidance on creating an emergency preparedness plan, please see FYSB's *Ready for Anything: A Disaster Planning Manual for Runaway and Homeless Youth Programs* at: <http://ncfy.acf.hhs.gov/tools/publications/ready-for-anything>

vii. Service Linkages:

Grantees must create service linkage plans with local community partners that support the safety, well-being, permanent connections, and self-sufficiency of RHY. At a minimum, this must include law enforcement, physical and mental health providers, social services, child welfare, juvenile justice, ethnic/multicultural organizations, and school systems.

viii. Sustainability:

Grantees must have a plan for project sustainability after the period of federal funding ends.

For more information on application requirements specific to this FOA, please reference *Section IV.2, Project Description*.

III. Eligibility Information

III.1. Eligible Applicants

Public and non-profit agencies or a combination of such entities are eligible for awards under this funding opportunity per section 311(a)(1) of the RHY Act. (42 U.S.C. §5711(a)(1)). Eligible entities may include:

- State governments;
- County governments;
- City or township governments;
- Special district governments;
- Public and state controlled institutions of higher education;
- Public housing authorities/Indian housing authorities;
- Native American Tribal governments (federally recognized);
- Native American Tribal organizations (other than federally recognized tribal governments);
- Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education;
- Nonprofits without 501(c)(3) status with the IRS, other than institutions of higher education;
- Private nonprofit institutions of higher education.

In selecting eligible applicants to receive grants under this FOA, priority will be given to entities that have experience in providing shelter and services to runaway, homeless, and street youth as required by the RHY Act.

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement. See *Section III.3. Other, Application Disqualification Factors*.

Faith-based and community organizations that meet the eligibility requirements are eligible to receive awards under this funding opportunity announcement. Faith-based organizations are encouraged to review the ACF Policy on Grants to Faith-Based Organizations at:

<http://www.acf.hhs.gov/acf-policy-on-grants-to-faith-based-organizations>.

See "Legal Status of Applicant Entity" in *Section IV.2* for documentation required to support eligibility.

III.2. Cost Sharing or Matching

Cost Sharing / Matching Requirement: Yes

Grantees are required to meet a non-federal share of the project cost, in accordance with **section 383 of the RHY Act, (42 U.S.C. § 5716)**.

Grantees must provide at least **10** percent of the total approved cost of the project. The total approved cost of the project is the sum of the ACF (federal) share and the non-federal share. The non-federal share may be met by cash or in-kind contributions, although applicants are encouraged to meet their match requirements through cash contributions. For example, in order to meet the match requirements, a project requesting **\$200,000.00** in ACF (federal) funds must provide a non-federal share of the approved total project cost of at least **\$22,222.00**, which is **10** percent of total approved project cost of **\$222,222.00**.

Note: Grantees will be held accountable for projected commitments of non-federal resources in their application budgets and budget justifications, even when the projected non-federal commitment exceeds the required amount of matching or cost share. A grantee's failure to provide the required matching amount will result in the disallowance of federal funds. However, lack of supporting documentation at the time of application submission will not exclude the application from competitive review.

For examples of matching requirements based on specific award amounts, see "Appendix C: Sample Chart of Matching Funding Amounts" at the end of this Funding Opportunity Announcement.

Matching Waiver Pursuant to 48 U.S.C. § 1469a(d)

Matching requirements (including in-kind contributions) of less than \$200,000 (up to \$199,999) are waived under grants made to the governments of American Samoa, Guam, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands (other than those consolidated under other provisions of 48 U.S.C. 1469) pursuant to 48 U.S.C. 1469a(d). This waiver applies whether the matching required under the grant equals or exceeds \$200,000.

Non-federal resources will be evaluated under criteria found in *Section V.1.* of this announcement.

III.3. Other

DUNS Number and System for Award Management Eligibility Requirements (SAM.gov)

All applicants must have a DUNS Number (<http://fedgov.dnb.com/webform>) and an active registration with the Central Contractor Registry (CCR) on the System for Award Management (SAM.gov, www.sam.gov).

Obtaining a DUNS Number may take 1 to 2 days.

All applicants are required to maintain an active SAM registration until the application process is

complete. If a grant should be made, registration in the CCR at SAM must be active throughout the life of the award. **Finalize a new, or renew an existing, registration at least two weeks before the application deadline.** This action should allow you time to resolve any issues that may arise. Failure to comply with these requirements may result in your inability to submit your application or receive an award. Maintain documentation (with dates) of your efforts to register or renew at least two weeks before the deadline. See the SAM Quick Guide for Grantees at: https://www.sam.gov/sam/transcript/SAM_Quick_Guide_Grants_Registrations-v1.6.pdf.

HHS requires all entities that plan to apply for, and ultimately receive, federal grant funds from any HHS Agency, or receive subawards directly from recipients of those grant funds to:

- Be registered in the SAM prior to submitting an application or plan;
- Maintain an active SAM registration with current information at all times during which it has an active award or an application or plan under consideration by an OPDIV; and
- Provide its active DUNS number in each application or plan it submits to the OPDIV.

ACF is prohibited from making an award until an applicant has complied with these requirements. At the time an award is ready to be made, if the intended recipient has not complied with these requirements, ACF:

- May determine that the applicant is not qualified to receive an award; and
- May use that determination as a basis for making an award to another applicant.

Application Disqualification Factors

Applications from individuals (including sole proprietorships) and foreign entities are not eligible and will be disqualified from competitive review and from funding under this announcement.

Award Ceiling Disqualification

Applications that request an award amount that exceeds the *Award Ceiling* per budget period or per project period as stated in *Section II. Award Information*, will be disqualified from competitive review and from funding under this announcement. This disqualification applies only to the *Award Ceiling* listed for first 12-month budget period for projects with multiple budget periods. If the project and budget period are the same, the disqualification applies to the *Award Ceiling* listed for the project period.

Required Electronic Application Submission

ACF requires electronic submission of applications at www.Grants.gov. **Paper applications received from applicants that have not been approved for an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

Applicants that do not have an Internet connection or sufficient computing capacity to upload large documents to the Internet may contact ACF for an exemption that will allow the applicant to submit applications in paper format. Information and the requirements for requesting an exemption from required electronic application submission are found in "Request an Exemption from Electronic Application Submission" in *Section IV.2. Content and Form of Application Submission*.

Application Deadlines

The deadline for electronic application submission is 11:59 p.m., ET, on the due date listed in the Overview and in Section IV.3. Submission Dates and Times. Electronic applications submitted to www.Grants.gov after 11:59 p.m., ET, on the due date, as indicated by a dated and time-stamped email from www.Grants.gov, will be disqualified from competitive review and from funding under this announcement. That is, applications submitted to www.Grants.gov, on or after 12:00 a.m., ET, on the day after the due date will be disqualified from competitive review and from funding under this announcement.

Applications submitted to www.Grants.gov at any time during the open application period, and prior to the due date and time, which fail the www.Grants.gov validation check, will not be received at, or acknowledged by, ACF.

Each time an application is submitted via www.Grants.gov, the submission will generate a new date and time-stamp email notification. Only those applications with on-time date and time stamps that result in a validated application, which is transmitted to ACF, will be acknowledged.

The deadline for receipt of paper applications is 4:30 p.m., ET, on the due date listed in the *Overview* and in *Section IV.3. Submission Dates and Times*. Paper applications received after 4:30 p.m., ET, on the due date will be disqualified from competitive review and from funding under this announcement. **Paper applications received from applicants that have not received approval of an exemption from required electronic submission will be disqualified from competitive review and from funding under this announcement.**

Notification of Application Disqualification

Applications that are disqualified under these criteria are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this funding opportunity announcement.

FORMATTING ACF APPLICATIONS

In FY 2013 ACF implemented a new application upload requirement. Each applicant applying electronically via www.grants.gov is required to upload only two electronic files, excluding Standard Forms and OMB-approved forms. No more than two files will be accepted for the review, and additional files will be removed. Standard Forms and OMB-approved forms will not be considered additional files.

FOR ALL APPLICATIONS:

Authorized Organizational Representative (AOR)

AOR is the designated representative of the applicant/recipient organization with authority to act on the organization's behalf in matters related to the award and administration of grants. In signing a grant application, this individual agrees that the organization will assume the obligations imposed by applicable Federal statutes and regulations and other terms and conditions of the award, including any assurances, if a grant is awarded.

AOR authorization is part of the registration process at www.Grants.gov, where the AOR will create a short profile and obtain a username and password from the Grants.gov Credential Provider. AORs will only be authorized for the DUNS number registered in the System for Awards Management (SAM).

Point of Contact

In addition to the AOR, a point of contact on matters involving the application must also be identified. The point of contact, known as the Project Director or Principal Investigator, should not be identical to the person identified as the AOR. The point of contact must be available to answer any questions pertaining to the application.

Application Checklist

Applicants may refer to *Section VIII. Other Information* for a checklist of application requirements that may be used in developing and organizing application materials.

Details concerning acknowledgment of received applications are available in *Section IV.3. Submission Dates and Times* of this announcement.

Accepted Font Style

Applications must be in Times New Roman (TNR), 12-point font, except for footnotes, which may be TNR 10-point font.

Page Limitations

Applicants must observe the page limitation(s) listed under "PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:". Page limitation(s) do not include SFs and OMB-approved forms.

All applications must be double-spaced and in Times New Roman, 12-point font. An application that exceeds the cited page limitation for double-spaced pages in the Project Description file or the Appendices file will have the last extra pages removed and the removed pages will not be reviewed.

Application Elements Exempted from Double-Spacing Requirements

The following elements of the application submission are exempt from the double-spacing requirements and may be single-spaced: the one-page Project Summary/Abstract, required Assurances and Certifications, required SFs, required OMB-approved forms, resumes, logic models, proof of legal status/non-profit status, third-party agreements, letters of support, footnotes, tables, the line-item budget and/or the budget justification.

Adherence to FOA Formatting, Font, and Page Limitation Requirements

Applications that fail to adhere to ACF's FOA formatting, font, and page limitation requirements will be adjusted by the removal of page(s) from the application. Pages will be removed before the objective review. The removed page(s) will not be made available to reviewers.

In instances where formatting and font requirements are not adhered to, ACF uses a formula to determine the actual number of pages to be removed. The formula counts the number of characters an applicant uses when following the instructions and using 12-point TNR and compares the resulting number with that of the submitted application. For example, an applicant using TNR, 11-point font, with 1-inch margins all around, and single-spacing, would have an additional 26 lines, or 1500 characters, which is equal to 4/5 of an additional page. Extra pages resulting from this formula will be removed and will not be reviewed.

Applications that have more than one scanned page of a document on a single page will have the page(s) removed from the review.

For applicants that submit paper applications, double-sided pages will be counted as two pages. When the maximum allowed number of pages is reached, excess pages will be removed and will not be made available to reviewers.

NOTE: Applicants failing to adhere to ACF's FOA formatting, font, and page limitation requirements will receive a letter from ACF notifying them that their application was amended. The letter will be sent after awards have been issued and will specify the reason(s) for removal of page(s).

Copies Required

Applicants must submit one complete copy of the application package electronically. Applicants submitting electronic applications need not provide additional copies of their application package.

Applicants submitting applications in paper format must submit one original and two copies of the complete application, including all Standard Forms and OMB-approved forms. The original copy must have original signatures.

Signatures

Applicants submitting electronic applications must follow the registration and application submission instructions provided at www.Grants.gov.

The original of a paper format application must include original signatures of the authorized representatives.

Accepted Application Format

With the exception of the required Standard Forms (SFs) and OMB-approved forms, all application materials must be formatted so that they are 8 ½" x 11" white paper with 1-inch margins all around.

If possible, applicants are encouraged to include page numbers for each page within the application.

ACF generally does not encourage submission of scanned documents as they tend to have reduced clarity and readability. If documents must be scanned, the font size on any scanned documents must be large enough so that it is readable. Documents must be scanned page-for-page, meaning that applicants may not scan more than one page of a document onto a single page.

ELECTRONIC APPLICATION SUBMISSION INSTRUCTIONS

Applicants are required to submit their applications electronically unless they have requested and received an exemption that will allow submission in paper format. See *Section IV.2. Application Submission Options* for information about requesting an exemption.

Electronic applications will only be accepted via www.Grants.gov. **ACF will not accept applications submitted via email or via facsimile.**

Each applicant is required to upload ONLY two electronic files, excluding SFs and OMB-approved forms.

File One: Must contain the entire Project Description, and the Budget and Budget Justification (including a line-item budget and a budget narrative).

File Two: Must contain all documents required in the Appendices.

Adherence to the Two-File Requirement

No more than two files will be accepted for the review. Applications with additional files will be amended and files will be removed from the review. SFs and OMB-approved forms will not be considered additional files.

Please do not attach additional documents to the SF-424 at Question 14 and/or after Question 15. Instead of providing a separate response to Question 14, all applicants are required to submit the SF for Project/Performance Site Location(s) (SF-P/PSL). In the SF-P/PSL, applicants may cite their primary location and up to 29 additional performance sites. Documents submitted as attachments to the SF-424 will be removed from the application and will not be reviewed.

Application Upload Requirements

ACF strongly recommends that electronic applications be uploaded as Portable Document Files (PDFs). One file must contain the entire Project Description and Budget Justification; the other file must contain all documents required in the Appendices. Details on the content of each of the two files, as well as page limitations, are listed later in this section.

To adhere to the two-file requirement, applicants may need to convert and/or merge documents together using a PDF converter software. Many recent versions of Microsoft Office include the ability to save documents to the PDF format without need of additional software. Applicants using the Adobe Professional software suite will be able to merge these documents together. ACF recommends merging documents electronically rather than scanning multiple documents into one document manually, as scanned documents may have reduced clarity and readability.

However, ACF understands that all applicants may not have access to this software. Grants.gov offers a listing of several free PDF conversion programs. These programs can be found on Grants.gov by clicking on "Applicants" at the top menu bar and selecting "Applicant Resources" from the drop-down list. Go to the "Technical Support & Self-Help" section and click on "Grants.gov Compatible Software." A link to "PDF Conversion Software" is available in the left-hand menu box. Free PDF software, available on this page, will allow users to convert and merge their PDF documents. As an example, ACF is providing written instructions for downloading and using one type of free software listed at Grants.gov at the following link: [https:// www.acf.hhs.gov/ sites/default/ files/ assets/ pdf995_ instructions_ for_ video.pdf](https://www.acf.hhs.gov/sites/default/files/assets/pdf995_instructions_for_video.pdf). ACF does not endorse any of the software listed on Grants.gov, and applicants are not required to use a specific type of PDF conversion software to submit an application.

For any systems issues experienced with Grants.gov or with SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance at <http://www.acf.hhs.gov/grants> under "Grants Related Information."

Required Standard Forms (SFs) and OMB-approved Forms

Standard Forms (SFs) and OMB-approved forms, such as the SF-424 application and budget forms and the SF-P/PSL (Project/Performance Site Location), are uploaded separately at Grants.gov. These forms are submitted separately from the Project Description and Appendices files. See *Section IV.2. Required Forms, Assurances, and Certifications* for the listing of required Standard Forms, OMB-approved forms, and required assurances and certifications.

Naming Application Submission Files

Observe the file naming conventions required by www.Grants.gov. Applicants should name their application files so that the content is easily identified by ACF.

Use only file formats supported by ACF

It is critical that applicants submit applications using only the supported file formats listed here. While ACF supports all of the following file formats, **we strongly recommend that the two application submission files (Project Description and Appendices) are uploaded as PDF documents in order to comply with the two file upload limitation.** Documents in file formats that are not supported by ACF will be removed from the application and will not be used in the competitive review. This may make the application incomplete and ACF will not make any awards based on an incomplete application.

ACF supports the following file formats:

- Adobe PDF – Portable Document Format (.pdf)
- Microsoft Word (.doc or .docx)
- Microsoft Excel (.xls or .xlsx)
- Microsoft PowerPoint (.ppt)
- Corel WordPerfect (.wpd)
- Image Formats (.JPG, .GIF, .TIFF, or .BMP only)

Do Not Encrypt or Password-Protect the Electronic Application Files

If ACF cannot access submitted electronic files because they are encrypted or password protected, the affected file will be removed from the application and will not be reviewed. This removal may make the application incomplete and ACF will not make awards based on an incomplete application.

FORMATTING FOR PAPER APPLICATION SUBMISSIONS:

The following requirements are only applicable to applications submitted in paper format. Applicants must receive an exemption from ACF in order for a paper format application to be accepted for review. See *Section IV.2. Request an Exemption from Required Electronic Application Submission* later in this section under *Application Submission Options* for more information.

Format Requirements for Paper Applications

All copies of mailed or hand-delivered paper applications must be submitted in a single package. If an applicant is submitting multiple applications under a single FOA, or multiple applications under separate FOAs, each application submission must be packaged separately. The package(s) must be clearly labeled for the specific FOA it addresses by FOA title and by Funding Opportunity Number (FON).

Because each application will be duplicated, do not use or include separate covers, binders, clips, tabs, plastic inserts, maps, brochures, or any other items that cannot be processed easily on a photocopy machine with an automatic feed. Do not bind, clip, staple, or fasten in any way separate sections of the application. Applicants are advised that the copies of the application submitted, not the original, will be reproduced by the federal government for review. **All application materials must be one-sided for duplication purposes.**

Addresses for Submission of Paper Applications

See *Section IV.6. Other Submission Requirements* for addresses for paper format application submissions.

PAGE LIMITATIONS AND CONTENT FOR ALL SUBMISSION FORMATS:

The application submission files must include the following and be in the following order:

Project Description - The project description is **limited to 75 pages** and must include the following in this order: Table of Contents; Abstract; Objectives, Outcomes, and Need for Assistance; Approach; Organizational Profiles; Staff and Position Data; Budget and Budget Justification. Applicants should title each section accordingly.

Appendices - The appendices are **limited to 20 pages** and must include the following in this order: Organizational Capacity (i.e., organizational charts, documentation of experience in the program area, personnel policies, any other pertinent information the applicant deems relevant), Third-Party Agreements, and Logic Model.

Required Forms, Assurances, and Certifications

Applicants seeking grant or cooperative agreement awards under this announcement must submit the listed Standard Forms (SFs), assurances, and certifications with the application. All required Standard Forms, assurances, and certifications will be available in the application kit posted for this funding opportunity at www.grants.gov.

Other versions of required Standard Forms, assurances, and certifications are available at ACF Funding Opportunities Forms at <https://www.acf.hhs.gov/grants-forms> and at Grants.gov <http://www.grants.gov/web/grants/forms.html> by using the link to "SF-424 Family," unless specified otherwise.

Technical Assistance

By signing and submitting the application, BCP applicants agree to receive and participate in technical assistance as recommended by federal staff to ensure quality programming and implementation. Training and technical assistance are free to BCP grantees through the Runaway and Homeless Youth Training and Technical Assistance Centers (RHYTTAC). Services include regionally based technical assistance clinics, training sessions, training of trainers, e-learning/webinars, and an annual grantee conference. More information is available at <http://www.rhyttac.net>.

Non-Federal Reviewers

Since ACF will be using non-federal reviewers in the review process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget as well as Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information. If applicants are submitting their application electronically, ACF will omit the same specific salary rate information from copies made for use during the review and selection process.

The Project Description

Part I: The Project Description Overview

Purpose

The project description provides the majority of information by which an application is evaluated and ranked in competition with other applications for available assistance. It should address the activity for which federal funds are being requested, and should be consistent with the goals and objectives of the program as described in *Section I. Funding Opportunity Description*. Supporting documents should be included where they can present information clearly and succinctly. When appropriate, applicants should cite the evaluation criteria that are relevant to specific components of their project description. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

General Expectations and Instructions

Applicants should develop project descriptions that focus on outcomes and convey strategies for achieving intended performance. Project descriptions are evaluated on the basis of substance and measurable outcomes, not length. Extensive exhibits are not required. Cross-referencing should be used rather than repetition. Supporting information concerning activities that will not be directly funded by the grant or information that does not directly pertain to an integral part of the grant-funded activity should be placed in an appendix.

Part II: General Instructions for Preparing a Full Project Description

Introduction

Applicants must prepare the project description statement in accordance with the following instructions while being aware of the specified evaluation criteria in *Section V.1. Criteria*. The text options give a broad overview of what the project description should include while the evaluation criteria identify the measures that will be used to evaluate applications.

Table of Contents

List the contents of the application including corresponding page numbers. The table of contents must be single spaced and will be counted against the total page limitations.

Project Summary/Abstract

Provide a summary of the application's project description. The summary must be clear, accurate, concise, and without reference to other parts of the application. The abstract must include a brief description of the proposed grant project including the needs to be addressed, the proposed services, and the population group(s) to be served.

Please place the following at the top of the abstract:

- Project Title
- Applicant Name

- Address
- Contact Phone Numbers (Voice, Fax)
- E-Mail Address
- Web Site Address, if applicable

The project abstract must be single-spaced, in Times New Roman 12-point font, and limited to one page in length. Additional pages will be removed and will not be reviewed.

Objectives And Need For Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance including the nature and scope of the problem must be demonstrated, and the principal and subordinate objectives of the project must be clearly and concisely stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as well as data describing the needs of the target population and the proposed service area as needed. When appropriate, a literature review should be used to support the objectives and needs described in this section.

Outcomes Expected

Identify the outcomes to be derived from the project. Outcomes should relate to the overall goals of the project as described in *Section I. Funding Opportunity Description*. If research is part of the proposed work, outcomes must include hypothesized results and implications of the proposed research.

The outcomes identified must thoroughly demonstrate how the results the applicant will achieve relate to meeting the basic and immediate needs of runaway and homeless youth who have been subjected to, or are at risk of being subjected to sexual abuse, prostitution, or sexual exploitation. Applicants must describe their goals and outcomes for providing services that seek to reunite young people with their families or locate appropriate alternative safe placements.

Approach

Outline a plan of action that describes the scope and detail of how the proposed project will be accomplished. Applicants must account for all functions or activities identified in the application. Describe any design or technological innovations, reductions in cost or time, or extraordinary social and/or community involvement in the project. Provide a list of organizations, cooperating entities, consultants, or other key individuals that will work on the project, along with a short description of the nature of their effort or contribution.

Cite potential obstacles and challenges to accomplishing project goals and explain strategies that will be used to address these challenges.

Applicants must specifically address the following BCP program requirements:

A. Positive Youth Development (PYD): Describe the approach to incorporating PYD into the project and how that approach will build protective factors in the young people served. Some PYD strategies include intergenerational mentoring, peer mentoring, youth leadership and decision-making, volunteerism and service learning, and job preparation and work shadowing.

B. Service Activities:

i. *Operations:*

- Describe how the operational structure of the temporary emergency shelter meets age, length of

stay, and capacity requirements.

- Describe how the program model and staffing plan meet the needs of the community and support the projected number of youth to receive services. Staffing plan documentation must include: 1) a description of the positions proposed for the project, including roles, responsibilities, a proposed work schedule that meets the needs of runaway and homeless youth, and percentage of Full Time Employees (FTE); 2) the resumes of personnel proposed to fill those positions or an indication that hiring would be needed; 3) a supervisory structure that allows for adequate oversight to guarantee the safety of staff and youth. Applicants must describe what methods were used to determine where runaway, homeless, and street youth are in the service area.
- Describe what evidence-based and evidence-informed approaches will be utilized in serving runaway and homeless youth.
- If applicable, describe how contracting will be used to provide required services.
- Describe coordination or service linkages with local agencies that allow runaway and homeless youth to receive services that are important to meeting their needs but are outside the scope of the proposed project.
- If the applicant receives funds from ACF for services that support youth, other than those applied for in this application, describe how the multiple funding streams will be used to improve the continuum of care for RHY populations.
- If the applicant proposes a project that exclusively serves a specific RHY subpopulation (e.g., single-sex; lesbian, gay, bisexual, transgender, and questioning youth; a particular ethnic group), describe the unique characteristics of the community that require such a project, as well as plans for making referrals or otherwise providing for the needs of RHY who are not in the specific population the applicant will serve.
- Describe outreach strategies that address language appropriateness, cultural sensitivity, and the complex identities of male, female, and transgender youth that are incorporated into the program operations and activities.
- If the applicant proposes a new start-up program, provide a work plan (business plan) that includes deadlines for obtaining licensure, hiring and training new staff, securing beds, initiating outreach, and beginning delivery of non-residential services. NOTE: Services must be operational within 6 months of award.

ii. *Program Activities:*

- Describe how runaway, homeless, or street youth will be identified and contacted through outreach.
- Describe how harm-reduction and trauma-informed approaches will be utilized to build trusting and meaningful relationships with youth.
- Describe how the project will respond to the needs of youth in crisis, including food, clothing, emergency shelter, treatment, counseling (which includes individual, group, and family counseling, as appropriate), referrals, and individual assessments.
- Describe how the project will create intervention strategies which:
 - Address how children and youth frame their past experience and shape their beliefs about the future;
 - Are attune to the developmental impact of negative experiences and address related strengths and deficits to ensure children, youth, and families develop along a healthy trajectory; and
 - Help children, youth, and families transform maladaptive coping methods into healthier, more productive strategies.
- Describe the proposed process for contacting parents, legal guardians, or other local government officials (child welfare or juvenile justices, as appropriate) within 24-72 hours of admission into shelter.

- Describe how the project, in collaboration with the McKinney-Vento liaison, will respond to the educational needs of youth to ensure their rights are honored.

- If applicable, describe the approach to optional Home-Based Services, including the provision of counseling, 24-hour crisis intervention, basic life skills, skill building, education advancement, job attainment, mental/physical health care, parenting skills, financial planning, and referrals. The approach must include a plan for staff to receive ongoing training and appropriate supervision and carry a caseload that enables intensive involvement with the family (approximately 5-20 hours a week).
- If applicable, describe the approach to the optional Drug Abuse Education and Prevention Services, including a plan for the ongoing training for staff.

iii. *Access to Shelter:*

- Describe how the project will guarantee runaway, homeless, and street youth access to emergency shelter 24-hours a day.

C. **Administrative Activities:**

i. *Training:* Describe how the project will provide staff with initial and ongoing training on the following topics: aftercare; homelessness and poverty; case management/planning; case documentation; safety protocols; ethics and boundaries; harm reduction; crisis intervention; trauma-informed care; positive youth development; basic counseling skills; healthy sexual behavior; gay, lesbian, bisexual, and transgender issues; cultural awareness and sensitivity; mental health awareness; alcohol, drug, and chemical dependency awareness; domestic trafficking, harassment and bullying; and sexual exploitation and prostitution.

Describe the applicant's policy for conducting criminal history and child abuse registry checks on staff and volunteers who come into contact with children and youth served and describe how that policy is in compliance with state, local, or other applicable laws. Describe policies and procedures around bullying and harassment. For more information regarding policies and procedures around bullying and harassment, please see C. Administrative Activities, ii. Safety Protocol under *Section I. Funding Opportunity Description, Program Requirements.*

iii. *Supervision:* Describe the project's supervision plan and how it will ensure the safety of staff in the shelter and while conducting in-home prevention activities, if applicable.

viii. *Program Sustainability*: Please see **Project Sustainability Plan**

Program Performance Evaluation Plan

Applicants must describe the plan for the program performance evaluation that will contribute to continuous quality improvement. The program performance evaluation should monitor ongoing processes and the progress towards the goals and objectives of the project. Include descriptions of the inputs (e.g., organizational profile, collaborative partners, key staff, budget, and other resources), key processes, and expected outcomes of the funded activities. The plan must be supported by a logic model and must explain how the inputs, processes and outcomes will be measured, and how the resulting information will be used to inform improvement of funded activities.

Applicants must describe the systems and processes that will support the organization's performance management requirements through effective tracking of performance outcomes, including a description of how the organization will collect and manage data (e.g. assigned skilled staff, data management software) in a way that allows for accurate and timely reporting of performance outcomes. Applicants must describe any potential obstacles for implementing the program performance evaluation and how those obstacles will be addressed.

Describe the activities or strategies that will be utilized to assess and improve program performance in the areas of safety, well-being, self-sufficiency, and permanent outcomes.

Geographic Location

Describe the precise location of the project and boundaries of the area to be served by the proposed project.

Legal Status of Applicant Entity

Applicants must provide the following documentation:

Non-profit organizations applying for funding are required to submit proof of their non-profit status. Proof of non-profit status is any one of the following:

- A reference to the applicant organization's listing in the IRS's most recent list of tax-exempt organizations described in the IRS Code.
- A copy of a currently valid IRS tax-exemption certificate.
- A statement from a state taxing body, state attorney general, or other appropriate state official certifying that the applicant organization has non-profit status and that none of the net earnings accrue to any private shareholders or individuals.

- Any of the items in the subparagraphs immediately above for a state or national parent organization and a statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

When applying electronically, it is strongly suggested that the applicant attach proof of non-profit status with the electronic application.

Additional Eligibility Documentation

Applicants must provide the additional, required documentation, or required credentials, to support eligibility for an award, as described in *Section III. Eligibility Information* of this announcement:

If the applicant is exempt from state and/or local licensing, explain why the agency is exempt.

Logic Model

Applicants must submit a logic model for designing and managing their project. A logic model is a tool that presents the conceptual framework for a proposed project and explains the linkages among program elements. While there are many versions of the logic model, they generally summarize the logical connections among the needs that are the focus of the project, project goals and objectives, the target population, project inputs (resources), the proposed activities/processes/outputs directed toward the target population, the expected short- and long-term outcomes the initiative is designed to achieve, and the evaluation plan for measuring the extent to which proposed processes and outcomes actually occur.

Project Sustainability Plan

Applicants must propose a plan for project sustainability after the period of federal funding ends. Grantees are expected to sustain key elements of their grant projects, e.g., strategies or services and interventions, which have been effective in improving practices and those that have led to improved outcomes for children and families.

Describe the approach to project sustainment that will be most effective and feasible. Describe the key individuals and/or organizations whose support will be required in order to sustain program activities. Describe the types of alternative support that will be required to sustain the planned program. If the proposed project involves key project partners, describe how their cooperation and/or collaboration will be maintained after the end of federal funding.

Organizational Capacity

Provide the following information on the applicant organization and, if applicable, on any cooperating partners:

- Organizational charts;
- Resumes (no more than two single-spaced pages in length);
- Copy or description of the applicant organization's fiscal control and accountability procedures;
- Evidence that the applicant organization, and any partnering organizations, have relevant experience and expertise with administration, development, implementation, management, and evaluation of programs similar to that offered under this announcement;
- Evidence that each participating organization, including partners and/or subcontractors, possess the organizational capability to fulfill their role(s) and function(s) effectively;
- Copy or description of the applicant organization's personnel policies;
- Child care licenses and other documentation of professional accreditation;
- Information on compliance with federal/state/local government standards;
- Job descriptions for each vacant key position.

Protection of Sensitive and/or Confidential Information

If any confidential or sensitive information will be collected during the course of the project, whether from staff (e.g., background investigations) or project participants and/or project beneficiaries, provide a description of the methods that will be used to ensure that confidential and/or sensitive information is properly handled and safeguarded. Also provide a plan for the disposition of such information at the end of the project period.

Third-Party Agreements

Third-party agreements include Memoranda of Understanding (MOU) and Letters of Commitment. General letters of support are **not** considered to be third-party agreements. Third-party agreements must clearly describe the project activities and support to which the third party is committing. Third-party agreements must be signed by the person in the third-party organization with the authority to make such commitments on behalf of their organization.

Provide written and signed agreements between grantees and subgrantees, or subcontractors, or other cooperating entities. These agreements must detail the scope of work to be performed, work schedules, remuneration, and other terms and conditions that structure or define the relationship.

Plan for Oversight of Federal Award Funds

Provide a plan describing how oversight of federal funds will be ensured and how grant activities and partner(s) will adhere to applicable federal and programmatic regulations. Applicants must identify staff that will be responsible for maintaining oversight of program activities, staff, and partner(s). Applicants must describe procedures and policies used to oversee staff and/or partners/contractors.

Describe organizational records systems that relate financial data to performance data by identifying the source and application of federal funds so that they demonstrate effective control over and accountability for funds, compare outlays with budget amounts, and provide accounting records supported by source documentation.

The Project Budget and Budget Justification

All applicants are required to submit a project budget and budget justification with their application. The project budget is entered on the Budget Information Standard Form, either SF-424A or SF-424C, according to the directions provided with the SFs. The budget justification consists of a budget narrative and a line-item budget detail that includes detailed calculations for "object class categories" identified on the Budget Information Standard Form.

Project budget calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. If matching or cost sharing is a requirement, applicants must include a detailed listing of any funding sources identified in Block 18 of the SF-424 (Application for Federal Assistance). See the table in *Section IV.2. Required Forms, Assurances, and Certifications* listing the appropriate budget forms to use in this application.

Special Note: *The Consolidated Appropriations Act, 2012 (Pub.L. 112-74), enacted December 23, 2011, limits the salary amount that may be awarded and charged to ACF grants and cooperative agreements. Award funds issued under this announcement may not be used to pay the salary, or any percentage of salary, to an individual at a rate in excess of Executive Level II. The Executive Level II salary of the Federal Executive Pay scale is \$179,700 (<http://www.opm.gov/oca/12tables/html/ex.asp>). This amount reflects an individual's base salary **exclusive** of fringe benefits and any income that an individual may be permitted to earn outside of the duties to the applicant organization. This salary limitation also applies to subawards/subcontracts under a ACF grant or cooperative agreement.*

Provide a budget using the 424A and/or 424C, as applicable, for each year of the proposed project. Provide a budget justification, which includes a budget narrative and a line-item detail, for the first year of the proposed project. The budget narrative should describe how the categorical costs are derived. Discuss the necessity, reasonableness, and allocation of the proposed costs.

An applicant lacking the computer equipment (hardware) for the Runaway and Homeless Youth Management Information System (RHYMIS) data collection must include an estimated cost for such equipment in their proposed budget. If the applicant already has such equipment, this fact must be noted. ***See Section VI.3. Reporting, regarding FYSB's requirement for keeping adequate statistical data through RHYMIS.***

Applicants must include an estimated cost for attendance at the annual grantee conference and any travel for technical assistance (TA) training in their proposed budget.

The applicant must provide an annual operating budget and list the funding sources that will support the basic center project

General

Use the following guidelines for preparing the budget and budget justification. When a match or cost share is required, both federal and non-federal resources must be detailed and justified in the budget and budget narrative justification. "Federal resources" refers only to the ACF grant funds for which the applicant is applying. "Non-federal resources" are all other non-ACF federal and non-federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, federal budget; next column(s), non-federal budget(s); and last column, total budget. The budget justification should be in a narrative form.

Personnel

Description: Costs of employee salaries and wages.

Justification: Identify the project director or principal investigator, if known at the time of application. For each staff person provide: the title; time commitment to the project in months; time commitment to the project as a percentage or full-time equivalent; annual salary; grant salary; wage rates; etc. Do not include the costs of consultants, personnel costs of delegate agencies, or of specific project(s) and/or businesses to be financed by the applicant. Contractors and consultants should not be placed under this category.

Fringe Benefits

Description: Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act (FICA) taxes, retirement insurance, and taxes.

Travel

Description: Costs of out-of-state or overnight project-related travel by employees of the applicant organization. Do not include in-state travel or consultant travel.

Justification: For each trip show the total number of traveler(s); travel destination; duration of trip; per diem; mileage allowances, if privately owned vehicles will be used to travel out of town; and other transportation costs and subsistence allowances. If appropriate for this project, travel costs for key project staff to attend ACF-sponsored workshops/conferences/grantee orientations should be detailed in the budget.

Equipment

Description: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year per unit and an acquisition cost that equals or exceeds the lesser of: (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (Note: Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation, shall be included in or excluded from acquisition cost in accordance with the applicant organization's regular written accounting practices.)

Justification: For each type of equipment requested applicants must provide a description of the equipment; the cost per unit; the number of units; the total cost; and a plan for use of the equipment in the project; as well as a plan for the use, and/or disposal of, the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy, or section of its policy, that includes the equipment definition.

Supplies

Description: Costs of all tangible personal property other than that included under the Equipment category. This includes office and other consumable supplies with a per-unit cost of less than \$5,000.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information that supports the amount requested.

Contractual

Description: Costs of all contracts for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third-party evaluation contracts, if applicable, and contracts with secondary recipient organizations (with budget detail), including delegate agencies and specific project(s) and/or businesses to be financed by the applicant. This area is not for individual consultants.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Recipients and subrecipients, other than states that are required to use 45 CFR Part 92 procedures, must justify any anticipated procurement action that is expected to be awarded without competition and exceeds the simplified acquisition threshold fixed by 41 U.S.C. § 134 and currently set at \$100,000. Recipients may be required to make pre-award review and procurement documents, such as requests for proposals or invitations for bids, independent cost estimates, etc., available to ACF.

Note: Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each contractor/sub-contractor, by agency title, along with the same supporting information referred to in these instructions. If the applicant plans to select the contractors/sub-contractors post-award and a detailed budget is not available at the time of application, the applicant must provide information on the nature of the work to be delegated, the estimated costs, and the process for selecting the delegate agency.

Other

Description: Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to: consultant costs, local travel; insurance; food (when allowable); medical and dental costs (noncontractual); professional services costs (including audit charges); space and equipment rentals; printing and publication; computer use; training costs, such as tuition and stipends; staff development costs; and administrative costs.

Justification: Provide computations, a narrative description, and a justification for each cost under this category.

Indirect Charges

Description: Total amount of indirect costs. This category should be used only when the applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant federal agency.

Justification: An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. If the applicant organization is in the process of initially developing or renegotiating a rate, upon notification that an award will be made, it should immediately develop a tentative indirect cost rate proposal based on its most recently completed fiscal year, in accordance with the cognizant agency's guidelines for establishing indirect cost rates, and submit it to the cognizant agency. Applicants awaiting approval of their indirect cost proposals may also request indirect costs. When an indirect cost rate is requested, those costs included in the indirect cost pool should not be charged as direct costs to the grant. Also, if the applicant is requesting a rate that is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

Commitment of Non-Federal Resources

Description: Amounts of non-federal resources that will be used to support the project as identified in Block 18 of the SF-424. The match calculation applies to the total project cost (including match) and not just to the federal share.

Justification: If an applicant is relying on match from a third party, then a firm commitment of these resources (letter or other documentation) is required with the application. Detailed budget information must be provided for every funding source identified in Block 18 of the SF-424.

Note: Applicants are required to fully identify and document in their applications the specific costs or contributions they propose in order to meet a matching or cost-sharing requirement. Applicants are also required to provide documentation in their applications on the sources of funding or contribution(s) and, for in-kind contributions, a justification of how the stated valuation was determined.

Paperwork Reduction Disclaimer

As required by the Paperwork Reduction Act of 1995, 44 U.S.C. §§ 3501-3521, the public reporting burden for the Project Description and Budget/Budget Justification is estimated to average 60 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection information. The Project Description information collection is approved under OMB control number 0970-0139, which expires 10/31/2015. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Application Submission Options

Electronic Submission via www.Grants.gov

- Additional guidance on the submission of electronic applications can be found at <http://www.grants.gov/web/grants/applicants/organization-registration.html>.
- If applicants encounter any technical difficulties in using www.Grants.gov, contact the Grants.gov Contact Center at: 1-800-518-4726, or by email at support@grants.gov, to report the problem and obtain assistance. Hours of Operation: 24 hours a day, 7 days a week. The Grants.gov Contact Center is closed on federal holidays.
- Applicants should always retain Grants.gov Contact Center service ticket number(s) as they may be needed for future reference.

- **Contact with the Grants.gov Contact Center prior to the listed application due date and time does not ensure acceptance of an application. If difficulties are encountered, the Grants Management Officer listed in *Section VII. Agency Contacts* will determine whether the submission issues are due to Grants.gov system errors or user error.**

Application Validation at www.Grants.gov

After an application has been successfully submitted to www.Grants.gov, it still must pass a series of validation checks. After an application is submitted, Grants.gov generates a submission receipt via email and also sets the application status to "Received." This receipt verifies that the application has been successfully delivered to the Grants.gov system.

Next, Grants.gov verifies the submission is valid by ensuring it does not contain viruses, the opportunity is still open, and the applicant login and applicant DUNS number match. If the submission is valid, Grants.gov generates a submission validation receipt via email and sets the application status to "Validated."

If the application is not validated, the application status is set to "Rejected." The system sends a rejection email notification to the applicant and the applicant must re-submit the application package. See "What to Expect After Submitting" at www.Grants.gov for more information.

Each time an application is submitted, or resubmitted, via www.Grants.gov, the application will receive a new date and time stamp. Only those applications with on-time date and time stamps that result in a validated application, which are transmitted to ACF, will be acknowledged.

Applicants will be provided with an acknowledgement from Grants.gov that the submitted application package has passed, or failed, a series of checks and validations. Applications that are submitted on time that fail the validation check will not be transmitted to ACF and will not be acknowledged.

NOTE: The Grants.gov validation check can affect whether the application is accepted for review. If an application fails the Grants.gov validation check and is not resubmitted by 11:59 p.m., ET, on the due date, it will not be transmitted to ACF and will be excluded from the review.

Similarly, if an applicant resubmits their application to Grants.gov by 11:59 p.m., ET, on the due date, and the resubmitted application does not pass the validation check, it will not be transmitted to ACF and will be excluded from the review.

Systems Issues

For any systems issues experienced with Grants.gov or with SAM.gov, please refer to ACF's "Policy for Applicants Experiencing Federal Systems Issues" document for complete guidance at <http://www.acf.hhs.gov/grants> under "Grants Related Information."

Request an Exemption from Required Electronic Application Submission

ACF recognizes that some applicants may have limited or no Internet access, and/or limited computer capacity, which may prohibit them from uploading large files at www.Grants.gov. To accommodate such applicants, ACF offers an exemption from required electronic submission. The exemption will allow applicants to submit hard copy, paper applications by hand-delivery, applicant courier, overnight/express mail couriers, or by other representatives of the applicant.

To receive an exemption from required electronic application submission, applicants must submit a written request to ACF that must state that the applicant qualifies for the exemption for one of the two following reasons:

- Lack of Internet access or Internet connection, or
- Limited computer capacity that prevents the uploading of large documents (files) at

www.Grants.gov.

Applicants may request and receive the exemption from required electronic application submission by either:

- Submitting an email request to electronicappexemption@acf.hhs.gov, or
- Sending a written request to the Office of Grants Management Contact listed in *Section VII. Agency Contacts* in this announcement.

Requests for exemption from required electronic application submission will be acknowledged with an approval or disapproval.

V. Application Review Information

V.1. Criteria

Please note: Reviewers will not access, or review, any materials that are not part of the application documents. This includes information accessible on websites via hyperlinks that are referenced, or embedded, in the application. Though an application may include web links, or embedded hyperlinks, reviewers will not review this information as it is not considered to be part of the application documents. Nor will the information on websites be taken into consideration in scoring of evaluation criteria presented in this section. Reviewers will evaluate and score an application based on the documents that are presented in the application and **will not** refer to, or access, external links during the objective review.

Applications competing for financial assistance will be reviewed and evaluated using the criteria described in this section. The corresponding point values indicate the relative importance placed on each review criterion. Points will be allocated based on the extent to which the application proposal addresses each of the criteria listed. Applicants should address these criteria in their application materials, particularly in the project description and budget justification, as they are the basis upon which competing applications will be judged during the objective review. 8. The applicant describes a safety protocol that addresses the safety of the youth both in the shelter facility and non-residentially, including host homes, and meets state and/or local licensing requirements for staff-to-youth ratio.

BUDGET AND BUDGET JUSTIFICATION

Maximum Points: 10

1. The applicant includes a realistic and detailed line-item budget for the federal and non-federal share of project costs and demonstrates how cost estimates were derived. Calculations include estimation of methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated.
2. The applicant demonstrates how the funds requested are reasonable, necessary, and essential to accomplish the scope of services as required by and consistent with the authorizing RHY legislation and FYSB program requirements.
3. The budget clearly delineates any allocation of grant resources to partners; provides narrative budget justification that describes how the categorical costs are derived; and discusses the necessity, reasonableness, and allocation of the proposed costs.

V.2. Review and Selection Process

No grant award will be made under this announcement on the basis of an incomplete application. No grant award will be made to an applicant or sub-recipient that does not have a DUNS number (www.dbn.com) and an active registration at SAM (www.sam.gov). See *Section III.3. Other*.

Initial ACF Screening

Each application will be screened to determine whether it meets any of the disqualification factors described in *Section III.3. Other, Application Disqualification Factors*.

Disqualified applications are considered to be “non-responsive” and are excluded from the competitive review process. Applicants will be notified of a disqualification determination by email or by USPS postal mail within 30 federal business days from the closing date of this funding opportunity announcement.

Objective Review and Results

Applications competing for financial assistance will be reviewed and evaluated by objective review panels using only the criteria described in *Section V.1. Criteria* of this announcement. Each panel is composed of experts with knowledge and experience in the area under review. Generally, review panels include three reviewers and one chairperson.

Results of the competitive objective review are taken into consideration by ACF in the selection of projects for funding; however, objective review scores and rankings are not binding. Scores and rankings are only one element used in the award decision-making process.

ACF may elect not to fund applicants with management or financial problems that would indicate an inability to successfully complete the proposed project. Applications may be funded in whole or in part. Successful applicants may be funded at an amount lower than that requested. ACF reserves the right to consider preferences to fund organizations serving emerging, unserved, or under-served populations, including those populations located in pockets of poverty. ACF will also consider the geographic distribution of federal funds in its award decisions.

As required by the RHY Act, priority for funding shall be given to public and private entities with experience in providing services to runaway, homeless, and street youth. Eligible applicants will be assessed on how well they sufficiently demonstrated and substantiated that they have experience in providing services to runaway, homeless and street youth. Applicants will need to address this in *Section IV.2, Organizational Capacity*. The review panel will apply this priority as described in *Section V.1., Organizational Profiles II* by awarding the maximum of three possible points allotted for this criteria.

While current BCP grantees are eligible to receive an additional BCP award, it is FYSB's preference to not award new grants to current BCP grantees (including their subgrantees) that have 1 or 2 years remaining in their project periods. It is also FYSB's preference to award one grant to one organization providing services in a defined service area or community. FYSB will make more than one award in a defined services area or community only when there are compelling circumstances to do so.

Please refer to *Section IV.2.* of this announcement for information on non-federal reviewers in the review process.

Approved but Unfunded Applications

Applications recommended for approval that were not funded under the competition because of the lack of available funds may be held over by ACF and reconsidered in a subsequent review cycle if a future competition under the program area is planned. These applications will be held over for a period of up to one year and will be re-competed for funding with all other competing applications in the next available

review cycle. For those applications that have been deemed as approved but unfunded, notice will be given of such determination by postal mail.

V.3. Anticipated Announcement and Award Dates

FYSB expects that awards will be made by September 29, 2014. Unsuccessful applicants will be notified in writing subsequent to final determination of awards.

VI. Award Administration Information

VI.1. Award Notices

Successful applicants will be notified through the issuance of a Notice of Award (NOA) that sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-federal share to be provided (if applicable), and the total project period for which support is contemplated. The NOA will be signed by the Grants Officer and transmitted via postal mail or email. Following the finalization of funding decisions, organizations whose applications will not be funded will be notified by letter signed by the cognizant Program Office head. Any other correspondence that announces to a Principal Investigator, or a Project Director, that an application was selected is not an authorization to begin performance.

Project costs that are incurred prior to the receipt of the NOA are at the recipient's risk and may be reimbursed only to the extent that they are considered allowable as approved pre-award costs. Information on allowable pre-award costs and the time period under which they may be incurred is available in *Section IV.5. Funding Restrictions*.

VI.2. Administrative and National Policy Requirements

Awards issued under this announcement are subject to the uniform administrative requirements and cost principles of 45 CFR Part 74 (Awards And Subawards To Institutions Of Higher Education, Hospitals, Other Nonprofit Organizations, And Commercial Organizations) or 45 CFR Part 92 (Grants And Cooperative Agreements To State, Local, And Tribal Governments). The Code of Federal Regulations (CFR) is available at <http://www.gpo.gov>.

An application funded with the release of federal funds through a grant award does not constitute, or imply, compliance with federal regulations. Funded organizations are responsible for ensuring that their activities comply with all applicable federal regulations.

Prohibition Against Profit

Grantees are subject to the limitations set forth in 45 CFR Part 74, Subpart E-Special Provisions for Awards to Commercial Organizations (45 CFR § 74.81_Prohibition against profit), which states that, "...no HHS funds may be paid as profit to any recipient even if the recipient is a commercial organization. Profit is any amount in excess of allowable direct and indirect costs."

Equal Treatment for Faith-Based Organizations

Grantees are also subject to the requirements of 45 CFR § 87.1(c), Equal Treatment for Faith-Based Organizations, which says, "Organizations that receive direct financial assistance from the [Health and Human Services] Department under any Department program may not engage in inherently religious

activities such as worship, religious instruction, or proselytization, as part of the programs or services funded with direct financial assistance from the Department." Therefore, organizations must take steps to completely separate the presentation of any program with religious content from the presentation of the Federally funded program by time or location *in such a way that it is clear that the two programs are separate and distinct*. If separating the two programs by time but presenting them in the same location, one program must *completely* end before the other program begins.

A faith-based organization receiving HHS funds retains its independence from federal, state, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs. For example, a faith-based organization may use space in its facilities to provide secular programs or services funded with federal funds without removing religious art, icons, scriptures, or other religious symbols. In addition, a faith-based organization that receives federal funds retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents in accordance with all program requirements, statutes, and other applicable requirements governing the conduct of HHS-funded activities.

Regulations pertaining to the Equal Treatment for Faith-Based Organizations, which includes the prohibition against federal funding of inherently religious activities, "Understanding the Regulations Related to the Faith-Based and Neighborhood Partnerships Initiative" are available at <http://www.hhs.gov/partnerships/about/regulations/>. Additional information, resources, and tools for faith-based organizations is available through The Center for Faith-based and Neighborhood Partnerships website at <http://www.hhs.gov/partnerships/index.html> and at the <https://www.acf.hhs.gov/programs/ocs/resource/capacity-building-toolkits-for-faith-based-and-community-organizations>.

Award Term and Condition under the Trafficking Victims Protection Act of 2000

Awards issued under this announcement are subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. § 7104). For the full text of the award term, go to <http://www.acf.hhs.gov/grants/award-term-and-condition-for-trafficking-in-persons>. If you are unable to access this link, please contact the Grants Management Contact identified in *Section VII. Agency Contacts* of this announcement to obtain a copy of the term.

Requirements for Drug-Free Workplace

The Drug-Free Workplace Act of 1988 (41 U.S.C. §§ 8101-8106) requires that all organizations receiving grants from any federal agency agree to maintain a drug-free workplace. By signing the application, the Authorizing Official agrees that the grantee will provide a drug-free workplace and will comply with the requirement to notify ACF if an employee is convicted of violating a criminal drug statute. Failure to comply with these requirements may be cause for debarment. Government-wide requirements for Drug-Free Workplace for Financial Assistance are found in 2 CFR part 182; HHS implementing regulations are set forth in 2 CFR § 382.400. All recipients of ACF grant funds must comply with the requirements in Subpart B - Requirements for Recipients Other Than Individuals, 2 CFR § 382.225. The rule is available at <http://www.gpo.gov/fdsys/pkg/CFR-2001-title45-vol1/content-detail.html>.

Debarment and Suspension

HHS regulations published in 2 CFR Part 376 implement the governmentwide debarment and suspension system guidance (2 CFR Part 180) for HHS' non-procurement programs and activities. "Non-procurement transactions" include, among other things, grants, cooperative agreements, scholarships, fellowships, and

loans. ACF implements the HHS Debarment and Suspension regulations as a term and condition of award. Grantees may decide the method and frequency by which this determination is made and may check the Excluded Parties List System (EPLS) located at <https://www.sam.gov/>, although checking the EPLS is not required. More information is available at <https://www.acf.hhs.gov/grants-forms>.

Pro-Children Act

The Pro-Children Act of 2001, 20 U.S.C. §§ 7181 through 7184, imposes restrictions on smoking in facilities where federally funded children's services are provided. HHS grants are subject to these requirements only if they meet the Act's specified coverage. The Act specifies that smoking is prohibited in any indoor facility (owned, leased, or contracted for) used for the routine or regular provision of kindergarten, elementary, or secondary education or library services to children under the age of 18. In addition, smoking is prohibited in any indoor facility or portion of a facility (owned, leased, or contracted for) used for the routine or regular provision of federally funded health care, day care, or early childhood development, including Head Start services to children under the age of 18. The statutory prohibition also applies if such facilities are constructed, operated, or maintained with federal funds. The statute does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, portions of facilities used for inpatient drug or alcohol treatment, or facilities where WIC coupons are redeemed. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1,000 per violation and/or the imposition of an administrative compliance order on the responsible entity.

HHS Grants Policy Statement

The HHS Grants Policy Statement (HHS GPS) is the Department of Health and Human Services' single policy guide for discretionary grants and cooperative agreements. ACF grant awards are subject to the requirements of the HHS GPS, which covers basic grants processes, standard terms and conditions, and points of contact, as well as important agency-specific requirements. Appendices to the HHS GPS include a glossary of terms and a list of standard abbreviations for ease of reference. The general terms and conditions in the HHS GPS will apply as indicated unless there are statutory, regulatory, or award-specific requirements to the contrary that are specified in the Notice of Award (NOA). The HHS GPS is available at <https://www.acf.hhs.gov/grants/discretionary-competitive-grants>.

Freedom of Information Act (FOIA)

Applications funded by federal grant programs are subject to disclosure under the Freedom of Information Act (FOIA), 5 U.S.C. § 552. Such applications are frequently requested under the FOIA, consistent with the FOIA's requirement to proactively disclose frequently requested materials at 5 U.S.C. § 552(a)(2)(D). Each released application will receive appropriate redaction of specific information to protect personal privacy and competitively sensitive commercial information. Information on filing a FOIA request is available at <http://www.acf.hhs.gov/submit-a-foia-request>.

Other Administrative and National Policy Requirements

Program Administration Requirements

Applicants are advised that statutory requirements applicable to grants under this FOA can be found in the Runaway and Homeless Youth Act, 42 U.S.C. §§ 5701 through 5752. Applicants are further advised that regulations implementing certain requirements of the RHY Act can be found at 45 CFR Part 1351.

Distribution of Sterile Needles or Syringes

Applicants are advised that no grant funds may be used for any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug. Prospective grantees are advised that entities that receive BCP grant funds and that operate a program of distributing sterile needles or syringes for hypodermic injections of illegal drugs must account for all funds used for such programs separately from any expenditure of BCP grant funds (42 U.S.C. § 5752).

Emergency Preparedness Policies and Procedures Requirement

Applicants are advised that Emergency Preparedness Policies and Procedures must be submitted to ACF within 60 days of grant awards.

Confidentiality

Grantees shall keep adequate statistical records profiling the youth and family members it serves (including youth who are not referred to out-of-home shelter services), except that records maintained on individual RHY shall not be disclosed without the consent of the individual youth and parent or legal guardian to anyone other than another agency compiling statistical records or a government agency involved in the disposition of criminal charges against an individual RHY, and reports or other documents based on such statistical records shall not disclose the identity of individual RHY. Moreover, section 384 of the RHY Act, 42 U.S.C. § 5731, requires that records containing the identity of individual youth pursuant to this Act under no circumstances be disclosed or transferred to any individual or to any public or private agency.

VI.3. Reporting

Grantees under this funding opportunity announcement will be required to submit performance progress and financial reports periodically throughout the project period. The frequency of required reporting is listed later in this section. Final reports may be submitted in hard copy to the Grants Management Office Contact listed in *Section VII. Agency Contacts* of this announcement. Instructions on submission of reports electronically will be provided with award documents.

Performance Progress Reports (PPR)

Notice of Award documents will inform grantees of the appropriate performance progress report form or format to use. Grantees should consult their Notice of Award documents to determine the appropriate performance progress report format required under their award. Performance progress reports are due 30 days after the end of the reporting period.

Final program performance reports are due 90 days after the close of the project period. For awards that implement the use of the SF-PPR, that form may be found under "Reporting" at <https://www.acf.hhs.gov/grants-forms>

Federal Financial Reports (FFR)

As of February 1, 2011, HHS began the transition from use of the SF-269, Financial Status Report (Short Form or Long Form) to the use of the SF-425 Federal Financial Report for expenditure reporting. SF-269s will no longer be accepted for expenditure reports due after that date. If an SF-269 is submitted, the ACF will return it and require the recipient to complete the SF-425.

The transition strategy is allowing individual HHS Operating Divisions to select--from a limited number of options--the approach that best fits their programs and business process. This transition does not affect completion or submission of the cash reporting to the HHS Division of Payment Management's Payment Management System (PMS). The primary features of this transition for recipients are that OPDIVs that previously required electronic submission of the SF-269 will receive the SF-425 expenditure reports

electronically and, until further notice, OPDIVs that have been receiving expenditure reports in hard copy will continue to do so.

All expenditure reports will be due on one of the standard due dates by which cash reporting is required to be submitted to PMS or at the end of a calendar quarter as determined by the Operating Division. As a result, a recipient that receives awards from more than one OPDIV may be subject to more than one approach, but will not be required to change its current means of submission or be subjected to more than eight standard due dates.

Beginning with budget periods which end from January 1 - March 31, 2011, and for all budget periods thereafter, all affected ACF grantees will be required to submit an SF-425 report as frequently as is required in the terms and conditions of their award using due dates for reports to PMS.

For budget periods ending in the months of:	The FFR (SF-425) is due to ACF on:
January 01 through March 31	April 30
April 01 through June 30	July 30
July 01 through September 30	October 30
October 01 through December 31	January 30

Fillable versions of the SF-425 form in Adobe PDF and MS-Excel formats, along with instructions, are available at http://www.whitehouse.gov/omb/grants_forms and at <https://www.acf.hhs.gov/grants-forms>. Further instructions will be provided, as necessary, with award terms and conditions that will address specific reporting periods and due dates on an award-by-award basis.

For planning purposes, ACF reporting periods for awards made under this announcement are as follows:

Program Progress Reports: Semi-Annually

Financial Reports: Semi-Annually

Awards issued as a result of this funding opportunity may be subject to the Transparency Act subaward and executive compensation reporting requirements of 2 CFR Part 170. See ACF's Award Term for Federal Financial Accountability and Transparency Act (FFATA) Subaward and Executive Compensation Reporting Requirement implementing this requirement and additional award applicability information at <https://www.acf.hhs.gov/grants/discretionary-competitive-grants>.

Tangible Property Report (SF-428) and Real Property Status Report (SF-429)

As of April 1, 2012, the Administration for Children and Families began requiring the use of the SF-428 (Tangible Personal Property Form) as well as the SF-429 (Real Property Status Report).

Beginning with budget periods ending September 30, 2012, and for all budget periods thereafter, all ACF grantees are required to submit (as applicable) the SF-428 and/or the SF-429 report(s) as frequently as required in the terms and conditions of their award(s).

Tangible Personal Property (SF-428)

The **SF-428** is a standard form used by awarding agencies to collect information related to tangible personal property (equipment and supplies) when required by a federal financial assistance award. The

form consists of the cover sheet, SF-428, and three attachments to be used as required: Annual Report; Final (Award Closeout) Report and a Disposition Request/Report. A Supplemental Sheet, SF-428S, may be used to provide detailed individual item information.

Real Property Status Report (SF-429)

The SF-429 is a standard report used by recipients of federal financial assistance to report real property status (Attachment A) or to request agency instructions on real property (Attachments B, C) that has been/will be provided as Government Furnished Property (GFP) or acquired (i.e., purchased or constructed) in whole or in part under a federal financial assistance award (i.e., grant, cooperative agreement, etc.). This includes real property that was improved using federal funds and real property that was donated to a federal project in the form of a match or cost share donation. This report is used for awards that establish a federal Interest on real property.

The forms are available under "Reporting" at <http://www.acf.hhs.gov/grants-forms> and at http://www.whitehouse.gov/omb/grants_forms.

Runaway and Homeless Youth Data Collection Requirement

Grantees are legislatively required to keep adequate statistical records profiling the youth and families assisted under this federal grant. Historically, RHYMIS has served as the designated data collection system, enabling grantees to collect and transmit youth level data to FYSB on a semi-annual basis (April and October). RHYMIS data collection measures are approved under OMB control number 0970-0123, which expires December 31, 2016.

As an integral part of the *Opening Doors: Strategic Plan to End Homelessness*, FYSB has worked closely with the U.S. Interagency Council on Homelessness (USICH) and the U.S. Department of Housing and Urban Development (HUD) to create a framework for ending homelessness among unaccompanied youth by 2020. Among the many strategies included in the framework, FYSB has committed to improving the quality and accessibility of data about the prevalence and characteristics of youth experiencing homelessness.

As a result of this data strategy, steps are currently being taken to finalize the integration of the RHYMIS and HMIS data systems. During the funding period of this grant, it is anticipated that youth level data typically collected through RHYMIS, will instead be collected using the Housing Management Information System (HMIS) administered in partnership with the U.S. Department of Housing and Urban Development (HUD). This integration is intended to minimize the data collection burden on grantees and to strengthen the federal capacity to share data on youth homelessness.

It is possible that the RHYMIS/HMIS integration may necessitate changes in the required data elements, timing of data collection and/or reporting. Additionally, grantees will be assigned to a Continuum of Care (CoC) in their area to work with other homeless service providers on data collection efforts, technical assistance provision and to participate in service delivery coordination when possible. Grantees will be required to comply with these changes in program policy. RHY grantees who are not also funded by HUD may receive federal support to cover some or all of the CoC membership fees that may be required for full participation

An applicant lacking the computer equipment (hardware) for data collection must include an estimated cost for such equipment in their proposed budget. If the applicant already has such equipment, please be aware of what constitutes as an allowable expense. (*Please see IV.5. Funding Restrictions*)

FYSB will put in place a communications strategy to keep grantees informed of the process and will work in collaboration with grantees to identify training needs pertaining to any new developments in data collection and system requirements. Upon award, grantees must be prepared to assign two points of

contact regarding RHYMIS data entry. This will assist FYSB in creating and maintaining a formal communications link for sharing important updates and system developments. In the meantime, grantees will continue to have access to skilled technical assistance staff who can assist with questions regarding RHYMIS system installation, operations, and data transfers.

Our currently designated technical assistance providers can be reached by calling 1-866-749-6474 or by emailing rhymis_help@csc.com. RHYMIS data reports can be generated from the online national database by visiting <https://extranet.acf.hhs.gov/rhymis/>.
